OCTOBER 2004

SEPTEMBER MEETING MINUTES

September 11, 2004

By Sec. Steve Mark

Flyers and Tires: Flyers and Tires netted (slightly less)... than last year due to our higher cost of food, the free meals provided to pilots and some new competition from the corn and funnel cake vendors. We split the cost of the porta-potties with Galt Airport.

The new grills performed beautifully throughout the two day event, and **Scott Feeman** received a deserved round of applause from the members for his timely work on their design and construction. **Don Sword** suggested the Chapter purchase the necessary long-handle tongs and cooking tools that eight hours over hot coals so desperately call for.

Chili Fest: The annual Chili Fest will be held Saturday, October 9th at 5:00 PM. **Greg Donski** requested a volunteer to coordinate the event, but there were no takers. If you can coordinate the Fest, please contact **Greg ASAP** at (847) 973-0621. Everyone should prepare their own chili recipe and bring it to the event.

Young Eagles: **Larry Schubert** was able to secure a story in the Herald on the Chapter's efforts in the Young Eagles program. On Saturday, the Chapter flew approximately 20 Young Eagles flights including a 3-year anniversary flight for **Michelle Marsh**. Since her first flight, Michelle has gone on to win the Chapter's Intermediate Air Academy Scholarship and attend the Air Academy for three years. She is now enrolled in the Aviation program at Southern Illinois University which she will begin this fall. Now that is the kind of success story the Young Eagles and Chapter's scholarship program were founded for.

Bruce and Silke Paulsen gave an outstanding PowerPoint presentation of the progress to date on their Lancair ES project. Through their slides, photos and engaging conversation they led the Chapter through their steps in choosing a kit plane, setting up a workshop, acquiring tools and developing their technical building skills. In an hour they imparted the distilled results of their more than 4-years experience in homebuilding and invited the members to see the plane itself that afternoon as they continued their work.

Boy Scouts: **John Roach** will coordinate a potential Scout troop "Merit Badge" day similar to the one the Chapter provided in the past. This will include several chapter members and Galt employees speaking on topics such as the aerodynamics of flight, airplane maintenance, airport operations and flying for an airline. If you can assist in this day, please contact **John** at (815) 444-7784.

CHILIFEST 2004

There is no membership meeting in October, but be sure to join us for the **Chilifest, Bonfire and Hayride** beginning at 6 PM Saturday, October 9th. BYOB and your favorite chili recipe or other dish to pass. If you are able to help with preparations, give Greg or John a call. Also, we will be flying **Young Eagles** from 11 – 4 PM that day.

AEROBATICS SEMINAR

By Gerry Molitor

On **Saturday, Oct. 16th** at Galt Airport, from 10:00 to 12:30, local members of the International Aerobatics Club (IAC) and EAA Chapter 932 are hosting a seminar to promote education and fellowship among pilots passionate with the stick & rudder aspect of flying. This is a low key, unassuming social event to enjoy each others company for a couple of hours and talk flying.

If this sounds like it might be of interest to you, feel free to drop on by. It's free and we'll have brats available for lunch immediately after. For more info and RSVP, please contact **Gerry Molitor 815-861-9877 cell, 815-344-3239 home, or GMolitor@aol.com**.

Here is the program planned for October 16th:

FORMATION FUNDAMENTALS by Harvey Meeks

Harvey Meeks is a former Canadian Air Force F-18 pilot, American Air Lines Captain, YAK owner/dealer at Popular Grove Airport. Hear about the correct way to approach a formation sortie.

MAINTENANCE TIPS FOR SPORT AND AEROBATIC AIRCRAFT by Howie Stock

US Air Captain, A&P mechanic, and life long IAC competitor and director, hear about common maintenance problems experienced by active, hard flying members.

STICK & RUDDER SAFETY by Gerry Molitor

Three time US Advanced Aerobatic Champion, '97 Silver Medallist at Advanced World Aerobatic Championship, United Airlines B767 Line Check Captain, and IAC President talks about two areas of safety concern: Spins and the dangers of low level impromptu aerobatics.

PURPOSE

The purpose of the seminar is to promote education, enjoyment and safety of the stick and rudder aspects of flying. Presentations will be followed by lunch (brats on the grill, chips and soda).

The IAC, EAA Chapter 932, and Galt Airport are hosting this seminar and ample parking is available for fly-in guests. The seminar is free to those passionate for obtaining more stick and rudder knowledge.

"GEEZER ROCK" BY ONE ZERO CHARLIE

Michael McCoy and Pal Joey

Presented by One Zero Charlie

Wednesday, October 27, 2004 at 8:00 p.m.

\$20.00 All Seats

The very best of archetypal Rock. Lead vocalist McCoy, with his pal Joey LaSalla on bass, and Jim Hudson's finger-blistering guitar virtuosity deliver "Geezer" rock the way it was meant to be. Percussionist Matt Spicuzza and keyboard artist RJ Kattke round out one of the most exciting and accomplished rock & roll groups ever to appear on the Opera House stage. Do not miss this show.

Galt Airport owner Michael Stanard is producing a show at the Woodstock Opera House Oct. 27. The above is from the Opera House pamphlet. The following is from an e-mail message from Michael:

"Michael McCoy and Pal Joey are familiar to many of us at Galt. They are the band that has played at every *Flyers & Tires* event. Over the years Michael and his wife Katy have become friends of ours. I admire Michael's talent, plus he is a very nice man. Regarding the opening group *Stockwood* (*Woodstock* switched around)...I'm billing them as the 'World's Youngest Beatles Band'. The group's youngest member is seven-year-old Evan Berg. Eleven-year-old John Morefield is the son of Woodstock City Manager, Derick Morefield. Dylan MaCartin, 11 is Galt's own **Rory Olsen's** nephew. In fact, it was Rory who first introduced Joeleen to the band. As a result, they played on Sunday at this year's *Flyers & Tires* and were a smash hit."

"... Galt customers and friends can get a \$5.00 rebate by giving Kathy their ticket stub anytime following the performance."

One Zero Charlie regulars attending might like to meet for dinner at a Woodstock restaurant before the show. Buy tickets at the Woodstock Opera House box office and contact Jeff Hill at jeffryhill@direcway.com if you would like to be included in the dinner reservation.

By the way, ever wonder what goes on at "Studio at One Zero Charlie"? Check their web site, chances are you have a product in your pantry or fridge with a label designed by *Studio at One Zero Charlie*:

THREE RETIRED PILOTS by JHsr.

Let's listen in as our boys trade "bar tender" one-liners.

Oscar: "Two peanuts walked into a bar. One was a salted."

Foxy: "A jumper cable walked into a bar. The bartender says, 'I'll serve you, but don't start anything.'"

Oscar: "A sandwich walked into a bar. The bartender says, 'sorry, we don't serve food in here.'"

Foxy: "A dyslexic walked into a bra."

Oscar: A worried cannibal walked into a bar and tells the bartender, "I just had a clown – it tasted kind of funny."

Foxy: A hydrogen atom walked into a bar and said, "I've lost my electron." Bartender: "Are you sure?"

Atom: "Yes, I'm positive."

Oscar: Guy tells the bartender, "I can't stop singing 'The Green, Green Grass of Home' – is this common?"
Bartender: "It's not unusual."

Foxy: "A guy throws a hunk of asphalt on the bar. He says, "One for the road!"

Oscar: "Two aerals met at a bar, fell in love and got married. The wedding wasn't much, but the reception was pretty good."

Foxy: "A guy tells the bartender, 'I tried to buy some camouflage fatigues today, but I couldn't find any.'"

Papa: Ha! Ha! Ha! Ha! You guys are a riot!
